April 2026

We are proud to be this year's host fire department of the 105th Annual Convention of the Cambria County Regional Firefighters Association starting on Saturday, July 25th and running through Saturday, August 1st, 2026. This annual event brings together hundreds of firefighters, emergency responders, and their families from across the region to participate in a multitude of activities and to salute and honor all the firefighters who have dedicated their service to helping others. The firefighter convention contests are exciting, community-focused events that allow local and regional firefighters to highlight their skills, teamwork, and fitness in a friendly, competitive environment. We welcome everyone to come and watch the firefighters compete in these long held traditional contests, including the Battle of the Barrel, Pumping Contest, Firefighter Proficiency, Bucket Brigade, and more.

To make this convention one to remember, we will have a professionally printed convention booklet. It will contain the history of the Firefighters Association as well as our fire department's 73-year history. The booklet will be printed in color and available to all fire departments and delegates of the association.

We need your support to submit an advertisement to support the volunteer firefighters. The ads are available in sizes listed below.
